SECRETARY'S REPORT

THANK YOU

I would like to thank and congratulate our team of young Assistant Teachers who gave us tremendous support covering for regular instructors during the summer period.

They have become an essential part of our structure and include Danielle Poore, Katie Jefferson, Louise Ryan, Anushka McCook and Tim Bedford. Danielle and Katie are regular instructors to our Beginners and Katie also instructs on Sundays at 4 pm with Tim. Anushka and Louise are now helping me following the 'bumper crop' of new young swimmers who have just joined us - some twenty plus!

Thanks must also go to our more mature parent Assistant Teachers who are teaching on a regular basis - Carol Goodey, Peter Bealing, Ian Morrison and Christine Power.

New Members

A Warm welcome to all recent members. I hope your stay with us will be long and enjoyable. Will all parents look out for details of internal club events on the notice board and make every effort to ensure their children participate.

Custody of non swimming children during club sessions

Would you please keep your spectating children with you at all times under strict supervision. We are not the only people using the building during swimming sessions and for their own safety children should not be allowed to wander through the building unsupervised.

We have received complaints from other pool users that children are rushing round the building and causing a great deal of noise in the foyer area. **PLEASE KEEP YOUR CHILDREN IN SIGHT AT ALL TIMES.**

ANDERSON TROPHY SHIELD

Congratulations to this year's winner Ryan Carver, with a Grand Total of 153 points amassed in all friendly galas he swum between September 1996 and July 1997.

3. **SPEEDO LEAGUE 1997 - The Story so far**

.... Well, what more can we say, the facts and the figures say it all.

- Almost 200 Personal Best swims
- 4 Club Records
- A remarkable 8th place so far for the B Team
- A 5th placing and a chance of promotion for our A Team

THANK YOU ALL FOR YOUR EFFORTS SO FAR

Selection of our teams started way back in August and a lot of work has gone into fine tuning all of the team selections to ensure the best possible outcome. We are pleased to say that very few crosses were put on the team sheets, which help us enormously.

Apologies must go to the B Team. Every one of your destinations for galas has been a considerable distance to travel, unfortunately, there is nothing we can do about this. Hopefully, things will turn out better for you next year!

Congratulations to everyone and especially those of you that have achieved personal best times and club records, we cannot ask for any more than that. It has been great to see such a good atmosphere at the various meets with swimmers staying on poolside to the end of the gala. Also CONGRATULATIONS to all of you after numerous requests you have actually started to wear club colours again!!

A big thank you must go to Paul Graimes and Jenny Newton who have acted as Team Managers to the B Team and also to all of you who have helped us with whipping and generally getting the swimmers along!

We hope you have enjoyed swimming in the Speedo League as much as we have enjoyed running it.

GOOD LUCK TO ALL SWIMMERS IN THE 3rd ROUND

**JOHN & LISA BURDETT
TEAM MANAGERS**

SPEEDO A REDHILL DATE(?)

We started this Speedo really well with ALISON NYE and MARK RUSSELL both doing well. It was in the first quarter, in the relays that we started showing that could possibly win this gala. The points at this stage put us ahead of our closest team.

Our Ladies Open team of LISA BURDETT, LUCH COWELL, CLAIRE ROSS and FREDA ROSS, swam brilliantly to get a first place. PHILLIP BROWN swam to a second place in his individual backstroke. It was still very close on points at the halfway stage but we had slipped a little and were in third place, only 2 points ahead of Chesham. LOUISE HOYNE-BUTLER and STEVEN HARTLEY started the fight back with 1st places, one after the other. So it came to the final quarter and it was back to relays, gradually the points came back and the last two relays, Ladies Open and Mens Open were really nail biting.

At the end we came second but I think all our swimmers swam hard and well to get that result and I am sure even events were swimmers came 5th or 6th were probably PBs. WELL DONE EDSC.

TUDOR LEAGUE

RED TEAM 26 OCTOBER 1997 ELTHAM POOL

A commanding performance by the Red Team, who were also hosting this first round gala. The Eltham poolside was packed with spectators, with the Red and White Teams swimming side by side and coming first and second overall.

The Red Team achieved 34 PB's and 16 first places, six of them coming from the relay teams - U/10 girls freestyle and medley, U/12 girls and boys medley, U/14 boys freestyle and the mixed 8x1 breaststroke.

Individual wins going to LEE SMITH U/10 backstroke, LAUREN THOROGOOD U/10 breaststroke KERRY DEWEY U/10 freestyle, LUKE FULLER U/12 butterfly, HEATHER WALLINGTON and PAUL WALLACE U/14 freestyle, TRACEY THOMAS and MARK NICHOLLS U/14 backstroke.

A great gala, superb swimming by all the Red Team. Well done!

D HOYNE-BUTLER

RED TEAM 9 NOVEMBER 1997 ELTHAM POOL

Another tight squeeze for the many supporters At Eltham Pool, for what was, dare I say a 'whitewash' by the Red Team!

No less than 24 PBs were achieved, as well as some excellent swims by the relay teams.

A great team performance by every red team swimmer but in particular, Lee Smith, Jessica Chan, Jenny Newton, Hayley Gough, Darren Cooper and Heather Wallington to name but a few.

WHITE TEAM 9 NOVEMBER 1997 ELTHAM POOL

This was a tough gala for the White Team, we got off to a shaky start but some excellent swims by our relay teams ensured that we finished in second place to Erith Red Team.

The team swam well considering they were a few short and had to cover for those missing.

Special mentions go to GEORGE WARNES who had to step up an age group and swam well. Also to FRED KIBISU who seemed to swim in practically every race!

First places for LOUSE MORGAN, Open backstroke, GEORGE WARNES U/10 freestyle, CLAIRE GREENAWAY 14/U backstroke, nine first places for our relay teams and 18 personable best performances.

A big "well done" to all the team for a well-swum gala.

ELMBRIDGE PHOENIX GALA - WALTON ON THAMES 18 OCTOBER 1997

After a roundabout rip via the South Circular, Wandsworth and Wimbledon we finally arrived 10 minutes after warm up, which is not a good start to a gala.

We had some very good swims and at the end of the night we had 6 individual and 3 relay wins. Congratulations to all our swimmers especially the following who won their races. LOUISE HOYNE-BUTLER, U/12 Breaststroke, STEVEN HARTLEY U/12 Breaststroke, MARK RUSSELL Open Backstroke, TERRY PONTON U/12 Freestyle, LEANNE PEILE U/16 Breaststroke and LISE BURDETT Open Butterfly. Our U/16 Mixed F/S and Medley relays EMMA LAWRENCE, DANIEL TIPPETT, LEANNE PEILE, LUKE DEWEY, JAMES PARKER and HEATHER WALLINGTON won both their relays. Our other win was in the open mixed Medley relay LISA BURDETT, LEANNE PEILE, MARK RUSSELL and JOHN BURDETT. Congratulations to John who swam a brilliant last leg to hold on to first place.

Thank you to all parents for your support

EUROPEAN MASTERS SWIMMING AND DIVING CHAMPIONSHIPS PRAGUE - SEPTEMBER 3 - 7 1997

The venue for these Championships was one of the most beautiful and historic cities in Europe. The pool complex, although run down was better than many, if not all of the facilities that this country can offer. It was within easy reach of the city centre by using the excellent public transport system. The Championships opened with a ceremony and a spectacular display comprising of fountains, lights and music.

The swimming begun the next morning. All the swimming events were held in the 50M outdoor pool and the diving events were held in the 50M indoor pool. We warmed up in a 33M, 8 lane diving pit. Both inside and outside there was a full compliment of diving boards. Where in this country could you find similar facilities?

There were 3,000 competitors swimming 10,000 events. The Germans and French were well represented and the British competitors numbered about 250. I can't call it a 'British Team' because unfortunately nobody had organised or co-ordinated the

entries. We had definitely been upstaged by our diving counterparts who were a team having organised accommodation and kit.

The organisation on poolside was good, although behind the scenes there was a lack of communication. Races ran to schedule and in some cases earlier. This meant that on one day my husband missed my race and on the last day I swam a 4 x 50M Individual Medley at 8 am after spending the previous evening at a party organised by the divers.

I thoroughly enjoyed my visit to Prague and gained 4 silver medals and a gold in the 50M Breaststroke. I broke two British records in the 50M Freestyle and 50M Butterfly. The next European Masters Championship will be held in Innsbruck in 1999.

KENT MASTERS

KINGSMOOR LEISURE CENTRE, CANTERBURY - 13 SEPTEMBER 1997

Twenty one people arrived at Canterbury for this year's Kent Masters. We arrived on quite an old small school bus.

Altogether we won 51 individual medals and 52 relay medals.

Out of 14 relays, we had 9 first places, 1 second, 3 third places plus one fourth place.

ALISON NYE broke the British record on 50M Breaststroke and 50M Butterfly, which she has since broken yet again. JOANN TRAIN swam in her first Masters gala.

One of the male swimmers lost his money, or rather left it on the table in a pub, it was found and somebody else (male) left their mobile phone in the restaurant where we ate later, it was collected the next day - No names given.

We all enjoyed our afternoon/early evening swims, drinks in the pub and finishing with an Indian meal. A very good day and evening was had by everyone.

More Masters should try one of the open galas, they are so friendly and everybody is helpful - you get hooked on them.

NATIONAL SHORT COURSE MASTERS CHAMPITIONS 1997 PONDS FORGE, SHEFFIELD 24 - 26 OCTOBER 1997

What a venue for a swimming competition. The 50M pool is divided into two 25M pools, one for men and the other for women, no rest between heats, continuous swimming!! The advance guard of CLAIRE ROSS, LUCH COWELL, ALISON NYE, KATHY SMITH, JENNY NEWTON and their driver's TIM WILKES AND DENNIS VICK arrived for the FULL MONTY on the Friday. The sensible ones travelled by the A1 and the others by the M1 and arrived just in time for a quick warm up, one up to London's finest taxi drivers of course, with no blue lights on show!! We were joined on Saturday by JASON SCHULTZ for a two race guest appearance and for the Sunday relays by coaches PAUL GRAIMES, MARK RUSSELL plus DAVID BUCK with accompanying friends and families.

The full results are too numerous to record but as usual the ladies did the club proud with Alison winning 7 gold and 1 silver medal and 1 European and 2 GB records - fabulous!! Luch won 2 silver and 1 bronze. Claire won 1 bronze medal with 3 near misses. Kathy had 3 near misses. Jenny had a good tussle with Claire in the 100M butterfly scoring a near miss and showed us all up by swimming the greatest distance over the three days. (By the way near misses are 4th and 5th places). We guys were a good supporting cast with either PB's or good humour value. My only record was meeting the greatest number of people and probably exercising my vocal cords most, chatting to any one who wanted to talk!! (what a surprise says typist).

The final afternoon was all relays, where the name of Erith and District SC was prominent, entering 9 teams in various relays and in some cases entering 2 teams, I think a very creditable performance.

Needless to say a good time was had by all and a very well done to Alison for getting us all organised and there competing. THANKS.

FAMILY RAMBLE - BATTLE TO HASTINGS

30 OCTOBER 1997

Fact can be stranger than fiction.....

Whilst this Ramble was to be billed as 'A walk in the footsteps of William the Conqueror', it was only during arrangements that I discovered East Sussex County Council has been preparing to launch an official '1066 Walk' from Pevensey to Rye.

As this conveniently followed much of the 12 miles we were due to cover, our group of 39 Mums, Dads, swimmers and friends unwittingly became amongst the very first people to use this newly waymarked route.

With our chances of getting lost greatly reduced (!), we set-off in brilliant autumnal sunshine with our first mile encircling Senlac Hill on which the Battle of Hastings had been fought almost 931 years ago the day.

After a pause for a photocall in Battle using the imposing 12thC Abbey gatehouse as our backdrop, we headed east into woodland - and lots of lovely mud! Our encounters with cows brought mixed reactions from several of our group. Whilst Jenny Walker was chased a cross a field by one, Frank Rider saw them as new found pets and calmly stroked another!

After crossing the A21, we headed into Westfield for a well-earned refreshment stop at 'The Plough Inn. It was an appropriate location for us to celebrate Paul Wallace's 14th Birthday and even the pub landlord, (an ex-Erith resident!) chipped in with a suitably decorated cake.

With only half the distance covered and the sun already past its zenith, completion of the remaining 6 miles looked a somewhat daunting prospect. This was not helped by an assortment of obstacles including the limbo under an electric fence, (Chris Gladwell "what fence? - Ouch!"), a diversion around a field where the footpath had been illegally blocked with barbed wire and the rescue of girls trainers from the quagmire of a wet railway embankment, (for God's sake, do those laces up!).

Despite fading light, our climb to the highest point on this ramble at North Seat, (nearly 800 feet) gave us some rewarding views across to the South Downs.

By the time we reached Hastings Country Park, darkness had fallen and our sole sources of light were from 3 torches and the glimmering navigation lights from ships way out in the English Channel!

Anyone unnerved by the experience were relieved to see the beckoning lights of Hastings old town appear out of the blackness before we descended the cliff face by steps alongside the funicular railway. The sight of the unique net drying huts and fishing boats drawn up on the shingle beach heralded our arrival in Hastings and we

reboarded our coach only some 15 minutes later than scheduled. Despite the inevitable aching limbs and other ailments, a great day was had by all.....

Now, what was I saying about fact being stranger than fiction? The next day, the celebrated military historian, Professor Richard Holmes, began a new BBC TV series of War Walks, his subject matter - the Battle of Hastings...!

Footnote

Planning is already underway for our next Family Ramble on Thursday 19th February, (school half-term) and looking further ahead, for a 2 day 'Millennium Ramble'. Attention l'ecriteau pour des renseignements!

SAVE OUR NEW YEARS' EVE FAMILY CELEBRATION!

I suspect that by the time you read these words, all tickets will have been snapped up for our celebrated New Years' Eve Family Celebration. Sadly, this year's event may be the last as the Carlton Hall venue will be used by 'Our Lady of the Angels' for their own New Year functions.

As such, we are desperately searching for an alternative venue so that this hugely enjoyable event can continue. Can you help us? Do you know of any sizeable School, Public or Sports hall that would consider hire on a 31st December date. We will consider all suggestions and details should be forwarded to me Peter Frost.

MANY THANKS

REVISED TRAFFIC FLOW ERITH TOWN

The final stage of the re-organisation of road layouts and direction (or abolition) of traditional traffic flow will be in place by January.

Although the Club protested strongly at the re-opening of the High Street to through traffic, a public consultation exercise came out in favour, although several other suggested layouts were proposed.

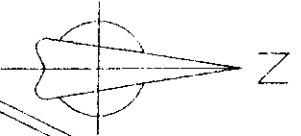

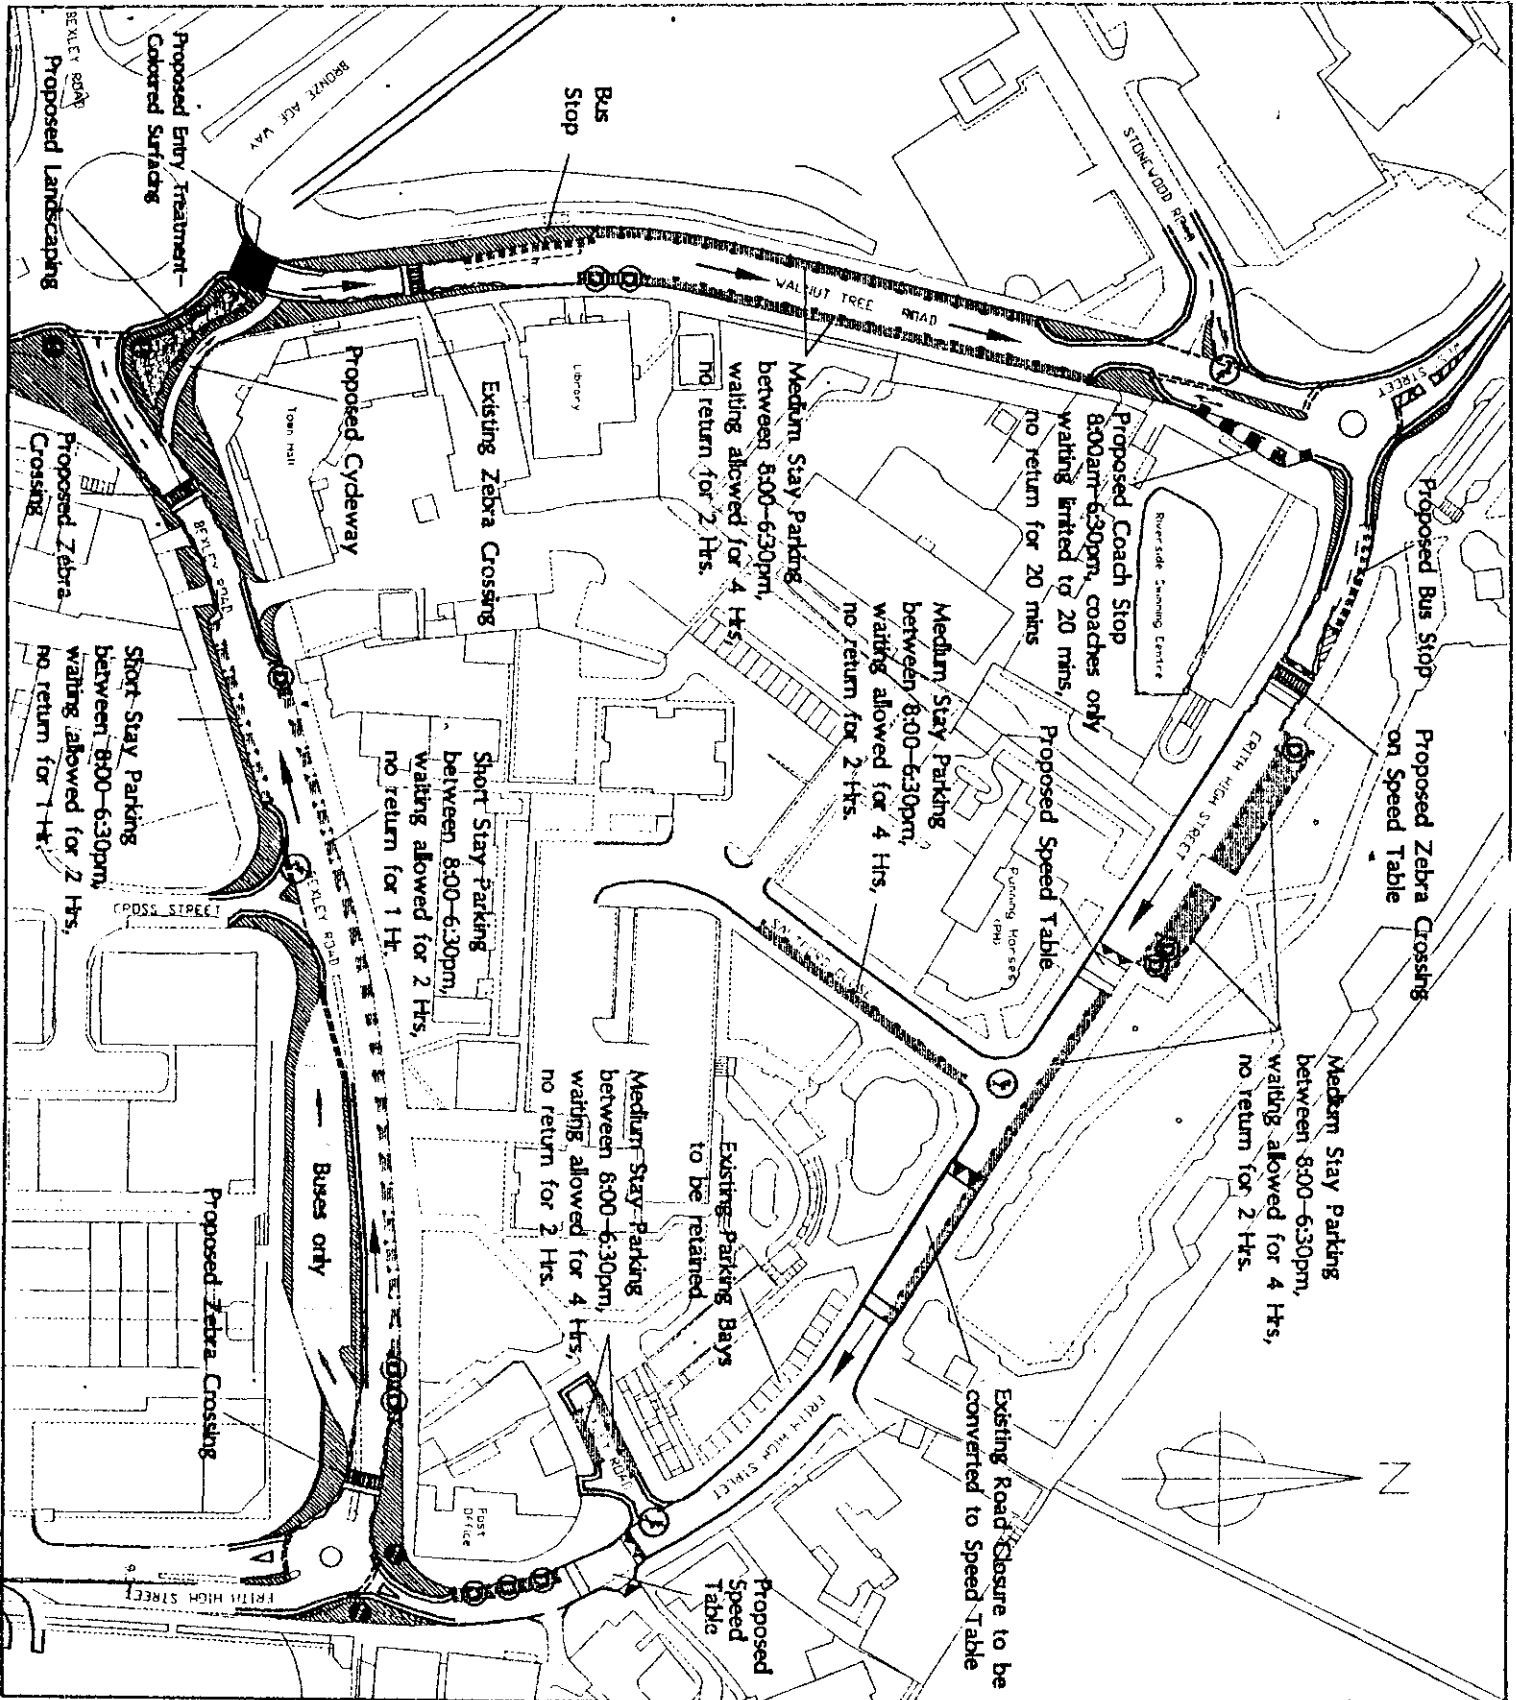

Traffic will be able to reach the pool via Walnut Tree Road but leaving will be past the Police Station to Bexley Road, (see map).

I am told that more parking spaces will be created by allowing parking both sides of Walnut Tree Road and that certain daytime 'No Parking' areas can be used after 6.30 pm (ie during Club time).

To help slow down some of the existing idiots, who currently insist on passing the pool at unnecessary speeds, three calming ramps will be installed.

We hope that swimmers will be extra vigilant during the change over and must remind everyone that we only accept responsibility for members whilst on the pool premises during hire periods. We will obviously take a special interest in these changes and hope that our predications of a further loss of use of the facilities by the general public does not lead to further decline.

We look forward to your continued support in 1998
